

STRATEGIC INTENT

Education Alliance Queensland

Supporting collaboration and effective interactions between the Queensland Education and Training Sectors

Vision

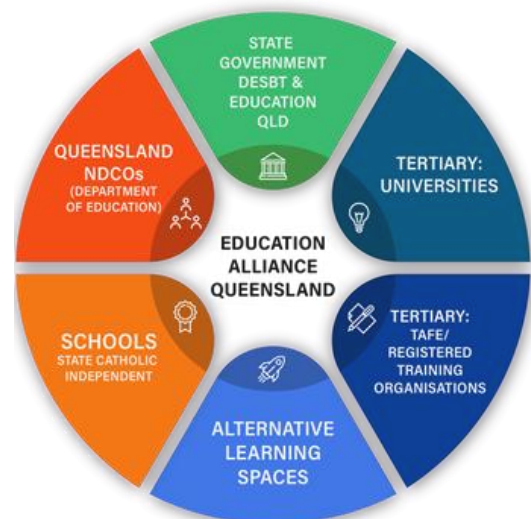

Education Alliance Queensland (EAQ) will foster seamless education, training and tertiary transitions for people with disability through collaboration and effective communication.

Mission

To create and maintain collaborative and meaningful relationships to enable all stakeholders to work together to improve successful education, training and tertiary outcomes for people with disability.

Goals

1. Develop a model that will enable collective impact and incorporate relevant stakeholders from all educational spaces.
2. Create and develop a mechanism for enhanced collaboration and relationship building amongst education professionals.
3. Apply a continuous improvement framework to Educational Alliance Queensland thereby enabling a solutions-focused and innovative environment.

Objectives

1. To provide a framework that will promote collective impact in action.
2. Create and develop a mechanism for enhanced collaboration and relationship building amongst education professionals from the secondary school, alternate learning, tertiary sectors and government departments linked and coordinated through the Queensland NDCO network.
3. To ensure EAQ is solutions-focused with an innovative lens to provide the best possible inclusive educational experience from school to tertiary and beyond for people with disability.

Action Plan

The Terms of Reference will provide a clear definition of:

- The Education Alliance Queensland and what EAQ aims to achieve.
- EAQ Membership & Role; Stakeholders who will be involved.
- Meetings: Coordination – Frequency – TOR Review

The Action Plan document will reflect progressive activities planned and undertaken on an annual basis in line with the Strategic Intent and Terms of Reference of the Education Alliance Queensland.
